

NSN Employer Services partners with IASB to deliver a comprehensive unemployment cost management program exclusively for Illinois school districts. The program provides expert claims handling, cost analysis, and compliance support — helping reduce unnecessary unemployment expenditures and protect district budgets.

Program Services

Claims Management

Full-cycle claims processing including timely responses, documentation review, and hearing representation.

Charge Verification

Every benefit charge reviewed to identify and correct improper charges, recovering misapplied dollars.

Cost Tracking & Reporting

Transparent reporting on claim outcomes, charge history, and total unemployment costs for full visibility.

Staff Training & Compliance

Training for HR staff on documentation best practices, separation procedures, and IDES compliance.

Benchmarking & Analysis

Costs benchmarked against peer districts statewide to identify exposure and savings opportunities.

Hearing Representation

Professional representation at hearings to protect district interests and reduce avoidable charges.

Why NSN

- ✓ Tens of thousands of unemployment tax accounts managed nationwide
- ✓ Unmatched benchmarking data across peer districts
- ✓ Dedicated to school districts — not a general HR vendor
- ✓ 175+ Illinois districts through the IASB endorsement

Districts commonly overpay 15–40%

in unemployment costs. Most losses stem from weak documentation, missed deadlines, and unchallenged claims.

NSN's program gives your district the tools and expertise to eliminate this waste.

Getting Started

1

Schedule a Cost Analysis

NSN runs a complimentary cost analysis for your district, benchmarked against peers statewide.

2

Review Your Results

Receive a clear report showing current spend, cost exposure, and areas of avoidable loss.

3

Activate the Program

Enroll in the IASB-endorsed program. NSN handles claims, compliance, and cost recovery from day one.
